

## We'll Challenge That Record

**CHALLENGERS.** The James Russell Lowell school in Watertown is claiming the state championship for having the most number of sets of twins, but the Sanborn school is challenging the mark. The Watertown school has nine sets and Sanborn has an equal number, thus at least tying the record. Our challengers are, front left to right, Paul and Mark Newton, James and Howard Lebowitz, Richard and

Robert Consoli, Wayne and Heather Shaw, Paula and Pamela Robinson. Back row, left to right, Glen and Gary Rousseau, Ann and Debbie Saba, Beth and Bonnie Hollis. The ninth set, just to prove twins do things together, is Corrine and Karen Rosetti, who were absent with mumps when the picture was taken.

## Elks May Purchase Landmark

The Andover Lodge of Elks is negotiating for the purchase of Fieldstone's restaurant on South Main street.

A spokesman for the lodge said this week that negotiations between Elks officials and Edward Romeo, owner of the restaurant, were underway and an official announcement would be made as soon as the transaction is consummated.

The purchase price is estimated to be in excess of \$100,000.

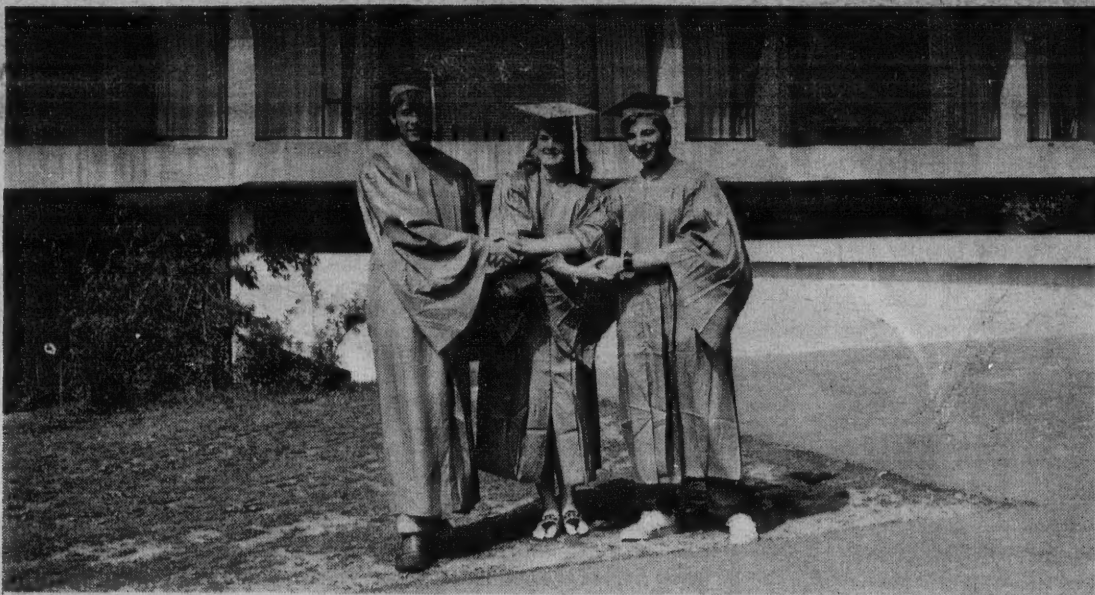

The lodge spokesman said that the proposal has been before the lodge membership and received approval.

The matter must also be approved by national headquarters.

The Elks now occupy a large room at the rear of 42 Park street. They will continue to meet there until the new home is acquired.

What plans will be for the building after the Elks take it over have not been firmed but it is anticipated that an addition will

**COMMENCEMENT.** Andover High school seniors, left to right, Jeff Sullivan, Elaine Cosman and Frank Greenberg, prepare to conclude their high school careers. They received their caps and gowns Tuesday in preparation for graduation exercises Friday evening.

## High School Days To End

Those hallowed halls of Andover High school will become memories for the over 350 seniors of Andover High school Friday evening when the 111th commencement exercises take place at the Eugene V. Lovely field beginning at 5 p.m.

In case of inclement weather the exercises will be moved inside to the high school gymnasium. The commencement climaxes a

week of events for members of the senior class, including the traditional class picnic.

Awards and scholarships will be presented during the ceremonies.

The class will enter the stadium in their caps and gowns to the processional "Priests March," from Athalia.

Following a prayer to be given by Rev. J. Everett Bodge, minister of South church and Trustee of Pynchard Free School, the group will be led in a Salute to the Flag by J. Tyler McEvoy.

"Nation's Creed," will be sung by the A Cappella choir.

The theme for the exercises,

"Individuality," will be presented by Karen Louise Moss. David M. Johnson will present an essay, "Individuality - and the forces that threaten it."

Michael Dundon Roth and Barry Stephen Kleider, will sing "If I Had Wings."

Dr. Kenneth R. Seifert, superintendent of schools will present the scholarships.

Christine Louise Palmer will then deliver an essay, "Individuality and the need to retain it."

A reading of selections from "The Art of Loving," will be given by Karen Louise Moss.

Principal Phillip F. Wormwood will present the graduates to the school committee after which Dr. Richard A. Katz, chairman, will

## Center Within Few Miles

The public safety center is about 30 miles from completion.

That's right, miles not days.

The mileage is the approximate distance between Andover and where furniture for the new building is sitting awaiting termination of a labor dispute.

As soon as the dispute is settled the desks, chairs and other materials for the center will be brought to Andover and placed. Until that time the police and fire departments remain in their present quarters.

## Program Approved

A program for exceptional and physically handicapped children will be conducted this summer by the Recreation department.

To provide for the program, which was endorsed by the selectmen Tuesday night, the Finance Committee unanimously approved a transfer of \$4,000 from the reserve fund to provide for the program.

In previous years the program was carried out by out-of-town agencies, which no longer provide

## Educational Town Meeting On Monday

Dr. Seifert said that the last session, conducted along these lines proved beneficial and would be continued again for this meeting.

The meeting is open to the public and is aimed at leading to a broader understanding of the town school system, through an interplay between parents and educators.

## Anniversary Observance Scheduled

On Sunday, June 7 at 1 p.m. at the Speare House in Lowell, a tri-chapter celebration of the 60th anniversary of the founding of the Armenian Relief Society will take place with friends and members of the Haverhill, Lowell, Lawrence and Andover chapters present.

Following the luncheon and brief speeches delivered by representatives of local Armenian organizations, Chairlady for the day, Mrs. Rose Garabedian of Lowell will introduce the main speaker from New York, Mrs. Araxie Papazian, who will laud the accomplishments of the A.R.S. here and abroad over these 60 years.

Featured on the program for the day will be members of the Harvard, M.I.T. and Tufts Armenian Club who will present works from their two concerts this past spring. A special attraction will be John Harutunian, formerly of Andover, and presently studying for an advanced degree at Harvard in Music Composition. Mr. Harutunian has studied for 9 years with Gladys Ondricek of Boston, two years of music theory and composition with Henry Lasker of Newton, and 4 years of piano with Reginald Geirg at Wheaton College in Illinois. He will be featured in works of Komitas.

A Middle Eastern Dance Group under the leadership of Carnig Mikitarian of Worcester and featuring Bobbie Sohigian on dumbeg will be on hand to play for general dancing from late afternoon until 9 p.m. The general public is invited.

Founded in 1910 as essentially relief organization to aid the hungry and homeless, the Armenian Relief Society has evolved over the past 60 years into a more culture-oriented Armenian women's group with over 60 chapters here and abroad with well over 18,000 members with headquarters in Boston, Mass. As such, it is the largest international philanthropic Armenian Women's organization existent today.

Although still engaged in aiding the hungry and homeless Armenians overseas, the Armenian Relief Society has concentrated its efforts over the past several years in providing numerous scholarships to worthy Armenian students for study both here and overseas, in establishing Armenian language classes.

Local A.R.S. members working on the 60th anniversary celebration this coming Sunday are Mrs. Joseph Fichera of Methuen, Mrs. Kaspar Kasparian of North Andover, and Mrs. Vartkes Sohigian of Andover. Reservations for the Luncheon-Musical may be made through any of these members. Tickets for the late afternoon dance at the Speare House may be obtained at the door.

## Making the Transition from "Everything for Nothing" to "Nothing for Nothing" (No.3)

What is growing up? This complex process is made up of numerous developments taking place over a long period of time.

A robin develops from helplessness to self-sufficiency in a few weeks. For a boy the difficult transition from complete dependence to complete self-reliance usually takes two decades, or even more.

A vital part of growing up is the discovery that nothing in this world is free, that everything has to be earned by useful work. To continue as consumers, we have to become producers.

By participating in the economic life of the community, the part-time boys at the CO-OP are quickly discovering these economic facts of life.

Under the efficient supervision of Ray Fuller, the CO-OP's general manager, you can be confident that the boyish concept of "everything for nothing" is giving way

to the adult concept of "nothing for nothing".  
That transition, however painful, is a giant step forward in the difficult process of growing up.

Glenn Verrette and the defending town champion Twins, continued their mastery over the first-place Red Sox, but the Sox kept mowing down every other club to remain a game-and-a-half in the lead through Monday night's action in the Andover American Little League.

Glenn threw a one-hitter at the Red Sox to beat them for the second time in as many tries, 6-0, but the league-leaders came back to post 4-1 and 9-3 victories over the Indians.

Manager Charlie Conlon's Twins also beat the Tigers for the first time this year, 7-2, but received a severe setback when Manager Ed LaFleur's Yankees challenged for the third spot with a 5-4 triumph over the Indians in eight innings.

It was also a big "power" week, with four homeruns being hit over the South school fence.

remaining in what has turned out to be a tight race among the first five clubs, it would appear that Manager Frank Monette's Red Sox stand a good chance of capturing their first American League title since 1966 when Ken Jones piloted them to victory. However, the way the loop has gone, anything could still happen.

Twins 6, Red Sox 0 -- Smart young lefty Glenn Verrette continued to puzzle the Red Sox with his second fine effort against them. Glenn threw a no-hitter at the Sox for a 4-0 win earlier in the season.

The only safety off him this time was a last inning double by Red Sox catcher Billy Martin. Glenn whiffed 12 batters in upping his overall record to 3-2.

In addition to all that, Verrette also paced the Twins hitting attack with a double and two singles from his lead-off spot. Heavy-hitting Hugh Conlon also stroked a key two-bagger for the winners.

Losing pitcher Ken Loffredo went the distance, turning in a good effort with 10 strikeouts. Tigers 4, White Sox 2 -- Left-hander Bob Hannon came on in relief of starting pitcher Kurt Anderson to pick up the Tiger victory. Hannon hurled four innings and fanned six batters.

Bob also helped himself at the plate with a brace of doubles, while Bob MacMackin drilled a pair of singles for the Tigers.

Scotty Collins pitched well in a losing cause, surrendering only four safeties. Tom Henderson banged out two hits and Chris Crampton had one bingle for the White Sox.

The Tigers scored twice in the third inning and two more times in the fifth to pick up their sixth win.

Red Sox 4, Indians 1 -- Mark Ketzler twirled a two-hitter, fanned six and walked five to pick up a win for the Red Sox.

Ken Loffredo led the Sox attack with a long-awaited first homerun, a double and two RBIs. Billy Martin continued to hit with consistency, as he clubbed a two-bagger. Steve Wilkins and Ketzler laced singles, and "giant" Ricky Meuse delivered a sacrifice bunt to score a run.

Mark LaLonde did an excellent job for the hard-luck Indians, tossing a five-hitter. Danny Lynch and Gerry Cox had hits for the losers.

Loffredo at shortstop and Wilkins at first base starred defensively for the Red Sox.

Red Sox 9, Indians 3 -- In this completion of a game suspended May 8, Richard Rosetti fashioned a nine-hit, five strikeout pitching effort to pick up his third win without a loss.

The game went seven innings, with the Sox exploding for six runs in the extra frame to snap a 3-3 tie. Dave Bradner was 2-for-3 for the Red Sox, Steve Wilkins cracked two doubles, Rosetti had a two-run, seventh-inning double and Lefty Paul Lockwood also doubled for the winners.

Mike Scheinfein was the losing chucker. Dave Packard ripped a double and single for Manager Larry LaLonde's Indians, while

Mark LaLonde and T. Lynch also had two safeties.

Rosetti on the mound, Loffredo at short and Ricky Meuse at second base sparked the Sox defense.

White Sox 4, Twins 3 -- Chris Crampton served up a three-hitter to KO the Twins. He also fanned six batters in the upset victory.

Bill Alexander was the losing pitcher, relieving starter Geoff Bragdon in the third inning with a score tied 2-2. Alexander whiffed eight.

Dave Mirisola and Timmy Brownlie continued their fine hitting for the White Sox as both punched out two singles. Brian Flannery and Chris Crampton added singles, while Mark Hamilton's fielder's choice chased home the deciding run in the fourth inning.

For the Twins, Alexander hammered a two-run homer (his second circuit clout of the season), Jerry Stabile singled and scored on the homer, and Glenn Verrette belted a single.

Brian Flannery turned in a sparkling defensive effort at first base with eight putouts, including a circus one-handed grab of a Mark Conlon looper to rightfield. Matt Mirisola also starred at second base for the White Sox, nailing Frank Pierrro at first for the final out after the Twins had loaded the bases in the last inning.

Yankees 5, Indians 4 -- Jay Doherty picked up the mound win with two innings of scoreless relief for starter Thom Lawler.

The Indians scored four second-inning runs to jump to a 4-0 lead. But the Yanks, playing their first game in 10 days, scored three in the fourth and one in the sixth to tie the score 4-4. They then won in the eighth.

Jay Doherty took over the home-run leadership (3) and became the first player to stroke two homers in one game. He had a two-run homer in the fourth, and a solo shot to tie the game in the sixth inning.

Ken LaFleur smashed a triple and Darryl Gustafson had an RBI double for the Yanks.

Tom Sambuco started the winning rally with an eighth inning single. He stole second, went to third on a fielder's choice and scored on an overthrow.

Dave Birnbach was the losing hurler in relief of Mike Scheinfein and Gerry Cox. Mark LaLonde was 3-for-4 for the Indians, Tim Meyers and Danny Lynch doubled and Cox had a single.

The Yanks pulled off two key double plays involving good defensive efforts by Ken LaFleur, Tom Sambuco, Jay Doherty and Bobby Monahan.

Twins 7, Tigers 2 -- Bill Alexander came back with a fine hurling effort to lift his record to 4-2. Bill fired a five-hitter and struck out 15 of a possible 18 hitters. He fanned the side in the final four frames.

Rhett Mundy unloaded a long triple for the Twins, while Alexander doubled off the top of the fence, Hugh Conlon doubled, Bob Campbell had a single, Keith Eosofow a single and Glenn Verrette a single.

Kurt Anderson fired a six-hitter and whiffed nine in a losing cause. Brian LaPointe had two doubles for the Tigers. Bob Hannon had a single, Mike Peters a single and Anderson a bunt safety.

Alexander escaped a sixth inning jam by fanning the side, after runners had advanced to second and third with no one out.

The Twins batted around in the fourth inning to score six runs and overcome a 2-1 deficit.

Home run derby -- Jay Doherty leads with three round trippers. Bill Alexander and Darryl Gustafson have two apiece, while Bob Hannon, Bob MacMackin and Ken Loffredo have all belted one.

## Shawsheen Principal Named

Andover's unique principal-selection process was in evidence last night.

Anthony Frulla, a New York State University doctoral candidate who has been teacher and elementary principal in western Massachusetts, was elected as Shawsheen School's new principal.

Meanwhile, after presstime, the four final East Junior High principalship candidates met separately, and in executive session, with the school committee.

The four East Junior High candidates, three from Massachusetts and one from New Jersey, are the finalists out of an initial field of 79 applicants.

No hints could be wormed out of Superintendent Dr. Kenneth R. Seifert yesterday on the East Junior High principalship. He pointed out that he cannot know who he is going to recommend until he observes how each has interacted with school committee members in the interviews which took place last night, nor could he predict whether his recommendation and the school committee's action on it would be forthcoming at last night's meeting.

Shawsheen principal - elect Frulla will replace Edwin Regan, who takes over the Central School principalship July 1 from retiring Catherine Barrett.

Frulla is a native of Pittsfield, who graduated from Springfield College in 1960, and received his master's degree from the state college in North Adams in 1965. He first taught at a Baltimore County junior high school in Maryland, then returned to Massachusetts to teach at the central elementary school in Lee, for five years. He served as principal of the Otis Consolidated School in Otis, and as director of the summer school, from 1967-69, until he came to the New York State University in Albany to complete courses and the residency requirement for his doctorate in educational administration. He is now engaged in writing his doctoral dissertation.

Mr. and Mrs. Frulla have five young children.

Assistant Superintendent Vaughn I. Clapp said of the new principal's appointment, "I am very

pleased with the process we have just gone through. It is very time-consuming, but it reveals the characteristics of the candidates very thoroughly, and puts us in a better position to make a judgment. The result is that we are very pleased with Mr. Frulla and happy that he selected this community from among several where he had opportunities for employment."

The selection process itself, may have something to do with the candidates choice of communities. Clapp said that he has talked to over 200 candidates for the three principalships which Andover has had to fill this year, beginning with the South School, where Jack Coyle was elected in January. Clapp said that not one of the 200 candidates had ever gone through anything like the selection process which Andover now uses, where the initial candidate list is narrowed down to a number which are interviewed by the central administrative group, then a smaller group meets with the staff of the school they aim to head. The school staff then gives administrators a general impression of which men they think they could work well with. It is out of this group that the finalists are picked, and asked to meet, under the superintendent's observation, with school committee members whom the new principal will have to work with.

Only after these final confrontations, does the superintendent Seifert make his recommendation. That's where the action was last night on the East Junior High administrators.

### The NOW Sound

On Tuesday afternoon a representative group of conservation-orientated students and adults presented a recently circulated petition to local hardware stores and supermarkets. The petition asked for an immediate stop to selling the "Deadly Nine" chlorinated hydrocarbon pesticides (DDT, DDD, Aldrin, Dieldrin, Endrin, Toxaphene, Heptachlor, Chlordane and Lindane) and the herbicides 2,4D and 2,4,5T, and was presented to the proprietors of W. R. Hill and Cole's Hardware Stores. The petition was signed by 696. Both men were interested and concerned consumers of Andover. These two stores will immediately stop selling DDT, DDD, Aldrin, Dieldrin, Endrin, Toxaphene, Heptachlor, Lindane, 2,4,5T. Mr. Hill will also stop selling products containing 2,4D and will take all Chlordane off his shelves to be sold only on special request. Cole's Hardware will keep 2,4D and Chlordane on their shelves but they will allow a poster which states the dangers of Chlordane and 2,4D to be placed in the pesticide department.

Nearly two weeks ago the Co-Op returned all products containing the chemicals mentioned on the petition to the manufacturers. The committee is waiting to hear from representatives of DeMoulas and Purity Supreme Supermarkets.

An outdoor state ban on the use of DDT and its relatives has been in effect since Nov. 20, 1969.

Now that these products are unavailable in Andover, many consumers are asking what they can use to kill weeds and keep the roses healthy. A few suggestions: 1. Malathion, dibrom, diazinon and abate are shortlived organophosphates and are relatively non-toxic to mammals. However all of the above insecticides are extremely toxic to fish. 2. Rotenone, pyrethrum, and nicotine are naturally occurring substances which do their job fast. We recommend these for flower and vegetable garden pest control. 3. There are several good harmless weed

killers available in the local stores. Remember that all who use pesticides should be aware of the possible risks that they are incurring and take stringent precautions to avoid contact or inhalation. Always follow the instructions on the label.

#### Save Our Land

By Mark D'Annolfo  
Pike School

AVIS -- Andover Village Improvement Society -- is one of our few conservation groups in this area and needs your help.

Students under 18 years can join for only \$1 yearly. A family membership in \$10 per year, while a lifetime membership costs \$100. This money is used to purchase various types of land such as woodlands, marshes, and riverfronts, etc. The purpose of buying this land is to preserve the plant and animal life, as well as to give present and future children and adults of Andover a place to enjoy natural surroundings.

If a conservation group such as AVIS did not purchase land, construction would soon take over all available real estate.

#### Our Polluted Waters

By Phillip D'Annolfo  
Pike School

Water Pollution is not only a killer of all marine and plant life, it is an eye sore as well.

The recent Shawsheen River Clean-Up was a success in my estimation. Students from elementary schools, the junior high schools, Andover High school and Phillips Academy gathered together and picked up both sides of the river banks in our town. Some students even went in canoes to clean the river itself. If people had not littered the river in the first place, there would have been no need for the clean-up.

Half-empty cans and bottles were thrown in the river, mixing with the water. In the swampy areas, water is no longer water -- it is an oily liquid instead. Businesses, factories and farms along the river dump their wastes in

the water. Fish no longer living in clean water, die. Weeds and water plants that fish feed on also become extinct in water that becomes polluted.

Everything depends upon plant life, either directly or indirectly and without it has no chance of surviving. So stop polluting and littering.

## Editorial Comment

## Commencement

June is commencement time, as readily attested by the numerous announcements of degree conferrals and the accounts of the impending Andover High graduation Friday night.

It generally is a nice time of year. One which brings pleasure to the editorial desk. It is a time to pat the young people on the back and wish them well, as a rule.

But this year, things are different.

We congratulate the young people on their achievement, most assuredly.

But we also take cognizance of the world they are entering — one filled with turmoil, unrest, racial difference, and in general confusion.

Crossing our desks these past few weeks have been announcements of college graduations, with the accompanying comment that due to campus unrest, commencement exercises were cancelled and degrees would be mailed.

Thus, due to that unrest, many young leaders of the future have been denied the observance of one of the more important days in their lives.

Never, in our history, has America looked more to its young people to foster its future.

This Republic has stood for almost two centuries and its freedom, liberty, soundness and tolerance, have been nurtured by the young who have grown in stature to assume the leadership a great country needs.

This year — this week — as the sounds of "Pomp and Circumstance," resound around, we wish the graduates well, and ask them to go forward in their pursuits, ever mindful of a heritage which needs preservation and cognizance of the responsibility with which they are now entrusted.

## Those Lots

The controversial tax title lots in the Lowell Junction Industrial Park, appear to be causing more concern than would appear to be necessary.

We sympathize with the conservationists and the members of the Andover Village Improvement Society who have urged that the particular lots, specifically 10 and 10A on the assessor's maps, be given immediately to the Conservation Commission.

But there is already considerable land entrusted to conservation purposes through the Conservation Commission and the AVIS.

The selectmen have voted for the time being to hold the property in the name of the town.

This seems logical.

The board is competent. We do not feel they would arbitrarily dispose of the property. They are as conservation minded as any other group in the community. We feel they would not act in a manner which would bring detriment to the town or harmful effects on the Shawsheen river, which the land borders.

Already the selectmen have assured the conservationists that they would protect the Shawsheen riverbank.

The town has invested over \$1,000,000 in producing industrially suitable property. This investment is beginning to make its return to the town.

To arbitrarily cast aside possible further development for the sake of conservation would probably be unwise at this time.

Control by the selectmen, as responsible community leaders, seems advisable. We are sure the town will be well protected.

## The Meetings

The innovative educational town meetings introduced by Dr. Kenneth R. Seifert have proven to be beneficial, both to the educators and to townspeople.

The new superintendent devised the idea in order to provide an interchange of ideas between administrators and the taxpayers.

Several months ago, when he announced the idea, he said the meetings were open to all and that all comments would be welcome, including constructive criticism.

In the several meetings that have been held that interchange, or public forum, has been maintained, with the result that both the school department and the townspeople are becoming better informed about their public school system.

Another such meeting is scheduled for Monday, June 8. It will again be an open question and answer session. Attendance at past sessions has been good. We trust it will continue next Monday.

Off The Top  
Of The Desk

Some persons just don't deserve the convenience of a shopping cart in a super market.

We have commented from time to time about letting the buggies go uncontrolled in parking lots with the result they strike and damage cars.

During the past week we have noticed some carts from their rightful property, two of them having been spotted in Memorial park. One was in the middle, another at the curb, simply abandoned.

It's possible this was the work of youngsters, but it still doesn't make it right.

The Electronic Technicians Guild of Massachusetts, has instituted a program to help curb the rash of stolen television sets.

The guild publishes a bi-monthly magazine and beginning with its next edition will publish the serial numbers of stolen sets. These will be found by the technicians, based on police reports.

The TV sets, through this procedure, will be able to be returned to their rightful owners.

Construction of softball fields at the Gillette Toiletries plant in Lowell Junction is nearing completion.

Bulldozers have been at work there for some time creating the fields for league competition.

The company, as is true of many modern plants provides a full scale recreation program for its employees who wish to participate.

The company had a golf league which has active participation at Trull Brook Country club.

Experts advise that now is the time to begin mosquito control procedures.

Best method is to be sure debris is removed from around the home and also to fill any water pockets around the yard, no matter how slight.

Any place where water can deposit and lay idle, provides good breeding grounds for mosquitoes

and should be cared for in the spring.

Alma is behind us.

That was the first hurricane of the season.

For the benefit of those interested in the names of the other unruly women who will be threatening during the official hurricane season, June 1 through Nov. 30, they are listed as Alma, Becky, Celia, Dorothy, Ella, Felice and on down through Vicky and Wilma.

We would hope we don't go beyond Alma.

This is the time of year motorists must be on the alert for motorcycles.

The cyclists often can become obliterated from vision when behind or to the side of an automobile, according to insurance experts.

Safety and attentiveness is needed, particularly in view of the many motorcycles now registered in the state.

The new substation of the North Andover fire department opened last Sunday and was in business within five hours.

It opened at 8 a.m. and about 1 p.m. an alarm was sounded for a house fire off Johnson street.

The proximity of the station to the location of the fire enabled firefighters to prevent more damage and permitted hose lines to be played on the scene much more quickly.

Speaking of North Andover, we notice the townspeople are going through the new high school issue again.

The proposed site will border a bit of Andover history.

One of the homes located near the proposed site between Chickering Road and Osgood site, was one occupied by Samuel Osgood, the nation's first postmaster general. At the time, the section was all Andover, prior to the separation of the two communities in 1955.

A demonstration is held at Arden, the home of William M. Wood, as employees express confidence and loyalty to him in a mammoth meeting in Shawsheen Village.

A new branch post office was opened this week in Shawsheen. Improved service to the area promised as two clerks and a carrier are appointed.

Kenneth P. Thompson is elected president of the Andover Board of Trade at its annual meeting at the Shawsheen Manor.

Predictions indicate that almost 300 new pupils will be attending the public schools next year. The Shawsheen school will be jammed.

Special town meeting postponed through technicality of advertising planning board articles. Session will now be held June 29.

Peter A. Soderberg, head of the social studies department at the junior high school, is named acting principal.

For Those Of Us  
Who Are Older

The big news this week is the inception of a hot lunch program for Andover's "over-60" population at East Junior High.

At 12:45 every school day, senior citizens may buy their lunch in the cafeteria for fifty cents. There are two details, however. They must make a reservation at The Haven (475-3968) the day before and must also present as identification the Discount Card for Senior Citizens available at The Haven.

The menu is the same as for the school children and can be found in this newspaper each week. All eligible are invited to participate.

Wednesday, June 17, there will be a chicken barbecue at the Vocational High school. Tickets are available at The Haven. This year the event will be somewhat more convenient for senior citizens since the tables are expected to be placed close to the auditorium. Last year considerable walking over uneven terrain presented some difficulty, but this has been corrected. All interested are urged to call The Haven. Free bus transportation will be available. Watch this column for specific bus schedule.

Wednesday, June 24, Andover Haven Associates are having their bus trip to Hampton Beach. Round trip fare is \$1.85 payable at the Haven when you make your reservation. There are still some spaces left on the bus, so act now. Bus will leave at 10 a.m. and return late in the afternoon.

The town has agreed to settle for \$5,000 the claim for liquidated damages arising from delay in construction of the Bancroft school.

Town Manager J. Maynard Austin reported that agreement was reached this week by the town and Leominster Engineering Co., the general contractor for the school.

Austin said the building committee was withholding \$3,000 until a final examination of the punch list and determination that all work is satisfactorily complete.

The building committee and town officials are also examining the grounds around the school to see if additional work may be needed there.

## Commander Prentice Retiring

Commander Clifford F. Prentice, commanding officer of the U.S. Naval and Marine Corps Training Center, Lawrence, has announced his forthcoming retirement after completing more than 22 years of active service in the Navy.

Commander Prentice assumed command of the Training Center on August 12, 1969 and will officially retire on July 1, 1970.

Enlisting in the U.S. Naval Reserve in May 1943, he received his Commission as Ensign at Midshipman School, Fort Schuyler, N.Y. on July 3, 1945. His first assignment was aboard the U.S.S. General Tasker H. Bliss, a Navy transport on which he served as Radio Officer until his release to inactive duty in 1946.

Recalled to active duty in 1950 as a result of the Korean conflict, Commander Prentice was assigned to the Pacific as Commanding Officer, Military Department, S.S. Hoosier State. In July of 1954, he assumed the duties of Communications Officer on the U.S.S. Taconic deployed to the Mediterranean.

In 1956, he commenced a four year stay in Newport, R.I. which was divided between the Fleet Training Center and a tour as Executive Officer of the U.S.S. Calcosahatchee, a fleet oiler homeported in Newport.

In December 1960, Commander Prentice was assigned as Commanding Officer of the U.S. Naval and Marine Corps Training Center, Worcester. It was during his tenure that the Worcester Reserve Units received top honors in the First Naval District and were among the top ten in national competition.

In 1963, the Commander and his family left for Japan for a 40 month tour in which he served as Executive Officer, U.S. Naval Communications Station, Yokosuka, Japan.

During the summer of 1967, Commander Prentice reported to

the staff of Rear Admiral J. T. Burke, Jr., Commander Amphibious Group One as Assistant Chief of Staff for Communications. It was during this tour that the Staff received the Meritorious Unit Commendation. Prentice was awarded the Navy Commendation Medal with Combat V. Both awards were as a result of meritorious service in Vietnam combat operations.

A native of New Haven, Conn., Commander Prentice is a graduate of Yale University and the U.S. Naval Postgraduate School, Monterey, Calif.

Upon his retirement, Commander Prentice will join the Trust Department of the Guaranty Bank and Trust Company, Worcester.

He now makes his home in Andover with his wife, the former Eleanor M. Orton of Stratford, Conn., and their three children, David Allen, Gary Robert and Susan Ann.

The Phillips Academy Summer Session has accepted 564 students for the 1970 program, opening July 1 and continuing through Aug. 12. Jerry Foster, dean of the session, said that the group would be about equally divided, with 283 boys and 281 girls.

Sixty black students, about the same number as last year, were selected out of a total of 1,000 applicants. The students come from 46 states and 12 foreign countries. Of the group, 131 will be on scholarship. This represents a decrease of six from last year, due to rising costs. The scholarship budget remains at \$72,000.

Four courses in black studies will be offered. The number of black faculty members has been increased from six to 10.

Among new courses being offered is "Poverty and Abundance," a study in sociology and economics. Other courses will include "Freud's Theory of the Mind," social psychology and ecology. Students will be allowed to take part in drama, music and art workshops in lieu of athletics.

Mrs. Philip Cahill

## Guerrera - Cahill

Given in marriage by her father, the bride wore an Angelina Calcina original gown of peau de soie, front panelled with heavy embroidered lace and cuffs with a chapel train in beaded rose lace. Her veil of silk illusion fell from a cap of seeded pearls.

She carried a bouquet of white baby roses, white and blue daisies, baby's breath and violets.

Miss Joyce Guerrera, sister of the bride, was maid of honor and carried a bouquet of multi-shaded daisies streamered with pink satin ribbons.

The bridesmaids were Miss Janice Guerrera, sister of the bride; Miss Gail Pineau, Lawrence; Miss Eleanor McCann, Andover; Miss Monica Lucey, Groton, Conn. and Mrs. James Reilly of Andover.

Michael Cahill was best man for his brother. The ushers were Bartholomew Cahill, John Cahill, Jr., brothers of the groom; Richard Lovell, Norwood; William Cotter, Newton and Wayne Boutin, Lawrence.

This was held out of doors at the home of the bride's parents, against a background of towering oaks and tulip-poplars formed by the adjacent woods of Tregaron, the one-time estate of former Ambassador Joseph Davies. Mocking birds and wood thrushes vied with the wedding music as the bride made her entrance, attired in tradition - hallowed Edwardian gown and heirloom veil loaned by the bridegroom's mother. At the reception afterwards at the Cosmos Club, the bride cut the wedding cake with a sword that had belonged to her grandfather, the late Commodore Frederick P. Dillon of the Coast Guard, who was Chief of the Aids to Navigation Division before his retirement.

Mrs. Kellogg attended Dickinson College in Carlisle, Pa., and is now employed in Holderness, N.H. Her father is an architectural and heating consultant in Washington.

## CHOOSING A COMMUNITY

"God made the country, and man made the town."

A town is a community of people who have common laws, interest, and hopes. It faces problems of growth and adjustment. It may also face declining population or inadequate services. Communities which face their problems and have responsible leadership are progressive.

When you are looking for a house, look also for signs of progress in the community. These include wider opportunities for work and industrial development through cooperation. Capital is available for public facilities. Urban rehabilitation is underway where it is indicated.

Another good suggestion when looking for a house in a new

community is to read the local newspaper. In no other place will you have a mirror of the community, its problems and its solutions.

### "Audi's Here"

There's a new face and a new  
name on the U. S. highway. It is  
the Audi, built in Germany by a  
subsidiary of Volkswagen and sold  
in this area by Park - Hegarty  
Porsche Audi, Inc., located in  
temporary facilities at Harrison  
Park Corp., 222 Lowell Street in  
Lawrence. Although the first Audis  
date back to 1909, the car has  
never before been sold in America.  
Audis have increased their  
popularity in Europe over the past  
few years, and its performance  
and handling are ideal for driving  
conditions here in the U.S. Techni-  
cal features in the 1970 models  
include front wheel drive, inboard  
disc brakes, an advanced design  
high compression engine and  
luxury surroundings for five  
adults.

Top of the Audi line is the 100  
LS, available in two and four door  
versions on a 105.3 inch wheel-  
base. The less expensive Super 90  
is built on a wheelbase of 98 inches  
and is available in both station  
wagon and sedan models. Both cars  
have four-cylinder water cooled  
engines mounted at the front of  
the car and mated to four-speed  
fully synchronized front-wheel-  
drive transmissions.

Power assisted brakes are stan-  
dard equipment, with inboard disc  
brakes on the front wheels and  
drum brakes on the rear. Rack and  
pinion steering is used on both  
Audi models as a result, the driving  
wheels pull the car in the direction  
its wheels are pointed.

A novel feature of the Audi is  
its "closed window" ventilation

system, which features numerous  
fresh air outlets in the dashboards  
and exhaust vents in back to vent  
stale air out. Although an Audi will  
accelerate from zero to 60 mph in  
about 12 seconds, its high com-  
pression engine squeezes plenty  
of mileage from every gallon of  
fuel, 26.4 miles per gallon.

Reclining seats, full carpeting  
electric multi-speed windshield  
wipers and washers are among  
standard features on the 100 LS.  
Available options include a sliding  
steel sunroof.

Yes, the Audi is here, in the  
U. S., in Mass., in Lawrence. See  
it and drive it at Park-Hegarty  
Porsche Inc., temporarily located  
at Harrison Park Corp., your local  
Volkswagen dealer, 222 Lowell  
Street, Lawrence.
